

# **Digitalization with DCR Proces Models - agile, flexible and #nocode**

[https://documentation.dcr.design/youtube\\_videos/digitalization-with-dcr-proces-models-agile-flexible-and-nocode/](https://documentation.dcr.design/youtube_videos/digitalization-with-dcr-proces-models-agile-flexible-and-nocode/)

Date: 25/03/2020

Description: Digitization has changed the game for many organizations. But outdated methods and tools still block the way for truly efficient and compliant digital processes. Often because simplifying complicated workflows to make them fit the narrow framework of an IT system doesn't work. Even though we know all there is to know, involve all the right consultants and all the right users along the way.
