

# Expense report

<https://documentation.dcr.design/example/expense-report-2/>

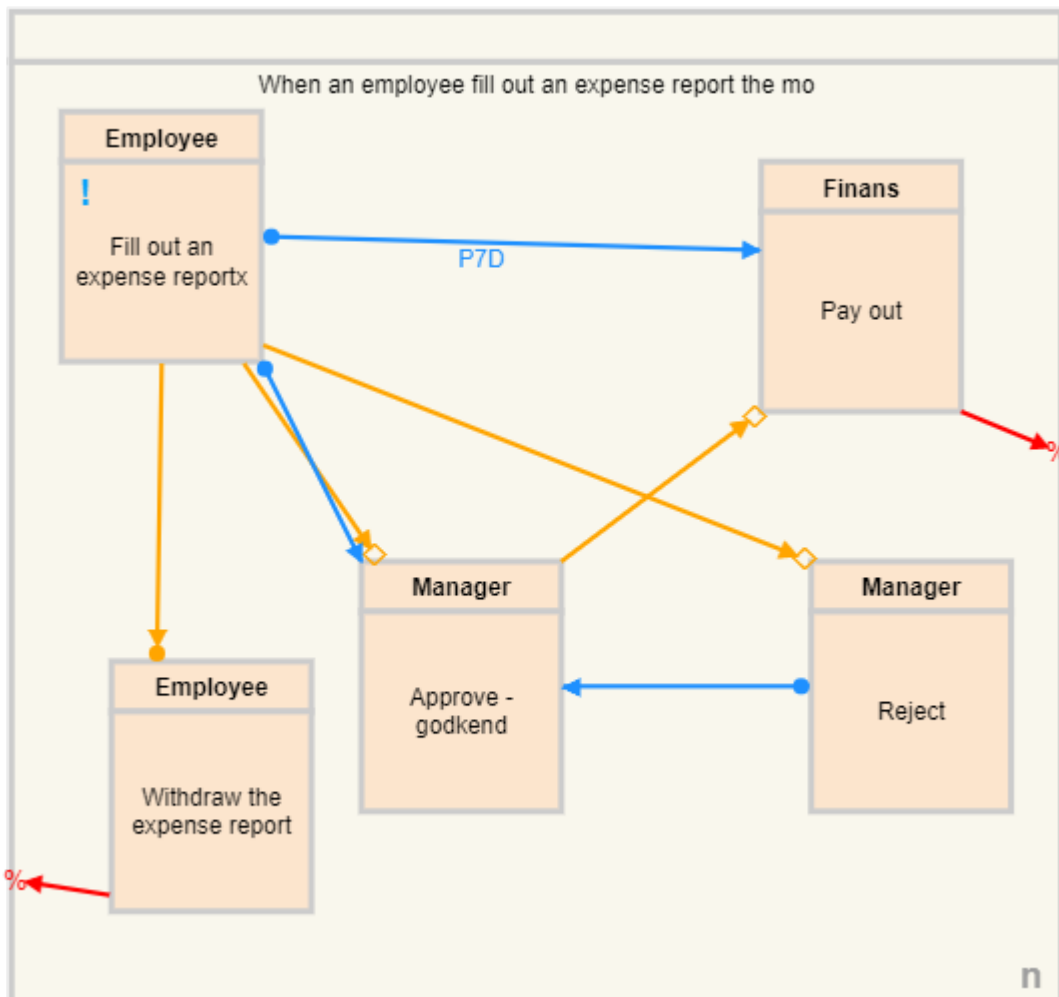

A simple DCR model is the expense report which consist of three roles:

1. Employee
2. Manager
3. Finance

The employee fills out the expense report. Later the manager approved. Fianlly the finance department must reimburse the expenses.

Obviously the manager can also Reject the expense report. Finally, the employee can withdraw the expense report.
