

Wiki format

<https://documentation.dcr.design/documentation/wiki-format/>

The purpose of the DCR Wiki format is to provide information about a process model, associated flows and latest changes of the model in one api.

An example wiki format is provided below originating from the [DCR Expense report model](#).

Use this URL to retrieve the XML: <https://repository.dcrgraphs.net/api/graphs/4013/wiki>
