

Release 5.9.2

https://documentation.dcr.design/release_notes/release-5-9-2/

Portal

- Process mining app, [DCR Process Discovery](#), now enables you to also mine Forbidden flows thereby making it easier to identify business rules. We use two different process mining technologies named DisCoveR and rejection miner developed as part of the EcoKnow project.

One highlights line : Improved process discovery - now also mining forbidden flows

Release Date : December 30, 2020

Demo release date : January 21, 2021
