

# Roles

<https://documentation.dcr.design/documentation/roles/>

Roles are associated with activities and consist of a title, a description and a specification as outlined below:

The image shows a screenshot of a web form titled "Edit Role". The form has a light blue header with the title "Edit Role" and a close button "X". Below the header, there are three input fields: "Applicant", "Enter Specification", and "Enter description". The "Enter Specification" field is highlighted with a blue border. At the bottom right of the form, there is a blue "Update" button.

The specification field is intended for various IT systems in order to link data from DCR into the target system like [KMD WorkZone](#) or SBSYS.

Type: User guide

Audience: Modelers
