

Move ownership of process model to another user

<https://documentation.dcr.design/documentation/move-ownership-of-process-model-to-another-user/>

The owner of a process model and an [organizational administrator](#) can move ownership of a process model to another user.

Under model resources select the Ownership tab:

Click *Move ownership* and select the person you wish to grant ownership of the model to.

Type: User guide

Audience: Modelers, Administrators
