

# **Demonstrates how to digitize a DCR Process Model in DCR Open Case Manager without any coding**

[https://documentation.dcr.design/youtube\\_videos/demonstrates-how-to-digitize-a-dcr-process-model-in-dcr-open-case-manager-without-any-coding/](https://documentation.dcr.design/youtube_videos/demonstrates-how-to-digitize-a-dcr-process-model-in-dcr-open-case-manager-without-any-coding/)

IT systems that supports “DCR inside” can execute DCR process models without any coding. Systems like KMD WorkZone and DCR Open Case Manger has “DCR inside”.

In this video we explain how to digitize a simple process in a DCR Process Model.
